## San Diego IRWM Updates

### Project Selection Workgroup Ground Rules

- Workgroup comprised of 9 members: 3 RWMG, 1 water retailer, 1 water quality, 2 natural resources/watersheds, and 2 at-large
- Workgroup may communicate with external parties for information related to the process between meetings. Workgroup will report on any external communication, which will be posted to the [www.sdirwmp.org](http://www.sdirwmp.org) website.
- If at least all present Workgroup members except one vote to add project to funding application, that project will be added.
- Project scores developed as part of IRWM Plan prioritization will not be considered in funding application development.

## San Diego IRWM Updates

### Project Selection Workgroup Ground Rules

- Contingent on the permission of the project proponents of the affected project(s), the Workgroup will have the discretion to:
  - bundle or combine projects, include only a portion of a proposed project in the funding application,
  - reduce the amount of funding requested by a particular project, and/or
  - recommend other modifications to projects.
- Workgroup is expected to come to agreement on funding application package consistent with criteria established by RAC.
- The RAC will be asked to recommend a funding application package by the end of the October 6, 2010 meeting.
