

# You're invited to the San Diego IRWM Prop 84 Grant Workshops

Participate in these Workshops to successfully maximize project benefits and position for the **FINAL** round of Prop 84 Grant Funding.

The San Diego Integrated Regional Water Management (IRWM) Program is looking for integrated solutions to the Region's water management issues. In April 2015, we will be accepting applications for the Final Round of Prop 84 IRWM Grant Funding. Bring your questions and project ideas to the Integration Workshop. Following project submittal and scoring, we will host a Scoring Workshop to solicit public input on project scores and priorities.

## **Integration Workshop**

*(Joint meeting with  
Regional Advisory Committee)*

**Wednesday April 1, 2015**

9:00 a.m. – 11:30 a.m.

San Diego County Water Authority  
4677 Overland Ave.  
San Diego, CA 92123

## **Scoring Workshop**

*(Joint meeting with  
Regional Advisory Committee)*

**Wednesday May 6, 2015**

9:00 a.m. – 11:30 a.m.

San Diego County Water Authority  
4677 Overland Ave.  
San Diego, CA 92123

## **Want to be considered for Prop 84 Grant funding?**

Log on to the online Project Database (<http://irwm.rmwater.com/sd/login.php>)  
and submit your project before April 22, 2015!

Projects must meet minimum requirements of the San Diego IRWM Plan and provide **two quantifiable benefits** to be considered for the Region's application package.

### **What are Quantifiable Benefits?**

The California Department of Water Resources (DWR) requires that all IRWM projects result in two quantifiable benefits, which include but are not limited to the following examples:

- Amount of water produced, saved, or recycled
- Types and amounts of water quality improvement provided, and the amount of water treated or improved
- Amount of energy produced or saved, and amount of greenhouse gases avoided
- Environmental benefits provided, such as types of species and their numbers benefitted, acreage of habitat or floodplain improved, restored, or protected, amount of flow provided, or habitat units restored or protected
